# PETITION TO GOVERNOR GAVIN NEWSOM

Victims of the 2017 and 2018 Northern California Wildfires

## STAND WITH PG&E FIRE VICTIMS

Online at: <http://chng.it/Zfqm5MyrRX>

We, as survivors of the PG&E fires, community members, and concerned citizens, are petitioning for your help. Fire victims are being pushed to approve a flawed PG&E reorganization plan through an equally flawed voting process. The proposed Plan denies victims fair, timely, and secure compensation, yet they are being told to accept the Plan or they will get nothing.

### A FLAWED SETTLEMENT PLAN

The proposed Plan has glaring flaws:

- **\$13.5 billion falls far short of original estimates of PG&E's liabilities, and victims have no way of knowing what amount is fair and just.** The estimation hearings were cancelled. Victims are being asked to believe that \$13.5 billion, half in cash and half in stock, is the most PG&E is able to pay.
- **Only 40% of the fire victims' settlement is to be made in cash on the effective date of the settlement.** In contrast, the Public Entities, and the Subrogation Rights Holders (who under California law should not be paid until victims are made whole) will receive 100% of their settlement in cash on the effective date. To sanitize this injustice, fire victims will be required to waive their rights under the Made Whole Doctrine.
- **10% of the fire victims' settlement will be paid in 2021 and 2022 and is contingent upon PG&E's monetizing its Net Operating Losses.**
- **50% of the fire victims' settlement will be paid in \$6.75 billion of stock that won't have an actual market value of \$6.75 billion.** The Plan values this stock at a forward price to earnings ratio of 14.9. A recent analysis by an independent consultant, Eric Lowrey, CRIA, determined that the 14.9 ratio overvalues the stock by \$1.9 billion. It is significant that equity backstop parties will be compensated with new stock valued at a forward P/E ratio of 10, nearly a third less than the formula used for fire victims.
- **It is not known when the stock in the Fire Victims' Trust may be sold to generate cash to pay fire victims.** It is expected that a Registration Rights Agreement will restrict sales for 180 days after issuance and will limit future sales over a period of years, thus placing the stock value at risk over several fire seasons. Recently we heard that PG&E investors are insisting that they be permitted to sell their shares before the Fire Victims Trust, potentially depressing the value of victims' shares.

## PETITION

### A FLAWED VOTING PROCESS

AB 1054 had the commendable goal of pushing PG&E to exit bankruptcy by June 30, 2020, so victims would be paid and PG&E would make its initial contribution to the Go-Forward Wildfire Fund before the height of the 2020 fire season. However, PG&E and its Wall Street investors are manipulating the June 30 deadline in order to force a premature vote on the Plan. **Victims are being asked to vote on the Plan despite not knowing:**

- **When they will be paid;**
- **How much they will be paid;**
- **The actual market value of the supposed 6.75 billion in stock;**
- **When that stock may be sold;**
- **Whether the \$1.35 billion that is to be generated by PG&E's NOL tax scheme will ever materialize; and**
- **How the Trustee will value claims.**

In addition, **mass tort law firms are aggressively pushing a "Yes" vote** by bombarding victims with text messages, robocalls, print, television, radio and social media advertising. The vote has been further marred by vote solicitations prior to victims receiving court-approved disclosure statements. **Questionable voting methods are being employed**, including vote by text with no paper record and "push" forms that automatically enter a "Yes" vote unless the claimant contacts their lawyer to vote "No." There are reports of claimants who have tried to vote "No" being browbeaten by their own lawyers to vote "Yes."

As of May 4, 2020, and as reported by Lily Jamali of KQED, it appears that **many fire victims have still not received their voting packages** either from Prime Clerk or their attorneys. These packages should have been mailed by March 31, 2020. Fire victims should not be forced to vote without adequate time to read and understand the disclosure materials.

**While AB 1054 is being used to rush the vote, the Case Resolution Contingency Process ("CRCP") is being used to delay payments.** The RSA signed last December set an effective date of no later than August 29, 2020. However, the CRCP set a soft deadline of September 30 and a hard deadline of December 31, 2020. Now **PG&E is using the CRCP to claim it is permitted to wait until December to fund the settlement, forcing fire victims to bear the risk of a full fire season.**

## PETITION

### PG&E IS A FINANCIAL HOUSE OF CARDS

**PG&E petitioned for Chapter 11 relief when its liquidated debt was \$23.45 billion. Under the Plan, PG&E will exit bankruptcy with a debt of \$38 billion.** The Plan should be considered a leveraged buy-out, according to Michael Wara, Senior Research Scholar at the Woods Institute for the Environment, and Director of Stanford's Climate and Energy Policy Program. Wara says that PG&E's bonds are expected to be classed as "junk."

To convince lenders to refinance their debt, PG&E agreed to convert billions of unsecured debt to secured debt, effectively moving unsecured lenders ahead of fire victims if another bankruptcy is filed. PG&E is proposing to securitize another \$7 billion in debt. **With its debt-load, PG&E will be hard-pressed to meet its commitment to provide affordable power safely and consistent with climate goals.**

To make matters worse, **PG&E has admitted that it may not have the financing to meet its obligations under the Plan until December 2020.** There is a real possibility that PG&E could have a confirmed Plan by June 30, but never emerge from bankruptcy, especially if the company's equipment triggers a major fire or fires this year. Under the bankruptcy agreements, equity backstop parties and lenders may terminate their commitments if more than 500 dwellings or commercial structures are damaged in a fire attributed to PG&E equipment. The Plan would fail.

Even the attorneys are confused about the consequences of such failure under AB 1054. Some lawyers contend that PG&E would still be entitled to recover 40% of its fire liabilities from the Wildfire Fund while others argue that PG&E would not be entitled to any reimbursement. **If PG&E is able to draw on the Wildfire Fund without making its contribution or paying fire claims, then it has successfully shifted PG&E's wildfire risk onto other publicly-owned utilities, California taxpayers, and victims.**

### HOW DID THIS HAPPEN?

**The proposed PG&E Plan is the result of Wall Street investors hijacking the bankruptcy process to generate billions in profits at the expense of fire victims and the State.**

As you probably know, Wall Street has purchased billions in PG&E's distressed assets. **Hedge funds and institutional investors own more than 90% of PG&E's stock and debt. They purchased more than 80% of the subrogation claims at discounts of up to 70%. They will also earn \$1.8 billion in backstop fees.** Finally, according to recent reports by Lily Jamali of KQED and J.D. Morris of San Francisco Chronicle, **some of the same hedge funds hold the litigation financing of Watts Guerra, a Texas firm that claims to represent more than 16,000 fire victims and is hounding fire victims to**

## PETITION

**vote to approve the proposed Plan** via text messages, robocalls, public town halls, and relentless advertising.

By controlling so many sides of the deal, investors structured the Plan so that **the investment managers that control the company as shareholders are paying themselves, as subrogation rights holders, a hefty profit via payment of \$11 billion in cash**. Some of the same investors are also earning backstop fees of \$1.8 billion for taking on the supposed risk of buying stock at a discount.

These investors are in the business of risk and have made their purchases voluntarily while the victims, who did not choose their fate, are forced by this Plan to take on more risk without the generous compensation that the professionals have awarded themselves.

If the Plan goes into effect as proposed, then those who are profiting from the PG&E bankruptcy will not be sharing in the wildfire risks going forward; fire victims, ratepayers, taxpayers, and the State of California are taking on those risks.

### THE SOLUTION

**We propose a solution that addresses several issues at once – amend AB 1054 to (a) push back the AB 1054 deadline for PG&E to emerge from bankruptcy until August 29, 2020 and (b) clarify that the condition “*the electrical corporation’s insolvency proceeding has been resolved pursuant to a plan*” means the “*Effective Date*” under the Plan has occurred and the initial settlement funding has been delivered by PG&E.**

**These changes will also provide the parties to the bankruptcy time to:**

- **negotiate and resolve the open issues, including registration rights, trust procedures, and stock valuation;**
- **provide material information to fire victims;**
- **allow victims to make an informed decision;**
- **assure performance by PG&E, lenders, investors and insurers.**

**Finally, these changes make the obligations under the Plan mutual. Without them, fire victims are bound by the compromises in the Plan, but PG&E is not. Now, PG&E can game the system by obtaining a confirmed Plan but never funding. It may choose, or be forced by circumstances, not to perform, and all fire victims, our communities and our State can do is wait. We cannot wait for PG&E to perform, especially now as the COVID-19 pandemic has made the need for safe, reliable power more critical than ever.**

**WE THANK YOU.** We appreciate all you are doing to keep Californians safe.

Will Abrams	Santa Rosa, US	2020-05-05	"I am signing to advocate for the safety and security of current and future PG&E wildfire survivors, our families and our communities. I pledge to support the development of a reorganized and reimagined PG&E that is held accountable to provide safe and reliable service."
J Charney	Paradise, CA	2020-05-05	"There are too many problems with the proposed settlement agreement and the voting process!"
marcia wilson	chico, CA	2020-05-05	"I am signing this petition because I am a campfire Survivor who lost her whole world and would like to get some kind of hope."
Geoff Reed	Paradise, CA	2020-05-05	"PG&E has not been held accountable for anything they have done wrong. As a matter of fact PG&E shareholders have profited and continue to profit from their criminal negligence. This proposed plan to exit bankruptcy is an outrage and an insult not only to fire survivors and non survivors, but to California voters, rate payers and tax payers. This proposed plan will only enable PG&E to get away with more murder and 100% destruction of their future victims, but also sends a loud and clear message that no one (including state politicians) care about survivors or victims that PG&E leaves in their destructive path."
Lisa Rizzo	Chico, CA	2020-05-05	"I'm signing this petition because I would like All Fire Survivors in this settlement case to be fairly & honestly compensated. Thank You"
Angela Casler	Chico, CA	2020-05-05	"Governor, the victims deserve to be better informed and the Judges Alsop and Montali are still making decisions. I am being advised by my attorney to vote yes on a mass ballot without receiving a ballot. Trustees will be paid from the victims funds. Lawyers should be capped to 20% as they'll profit more than our settlements! Its all horrible! Pge was downgraded to junk status! Please help us have a voice!"
Lisa Williams	US	2020-05-05	"I'm signing this petition because Governor Newsom is the only man that can help us fire victims. We can't do it alone. I sleep sitting up at night, I've forgotten what it feels like to breathe easily and get a good nights sleep. I inhaled heavy smoke for 7 hours, from exploding propane tanks at a tank storage facility and all the toxic fumes from old fofmaldehyde-infused building materials along with burning, bleach, paint, the list is endless...and PG&E is not being held accountable to me for the medical bills now and in the future. The least they could do is guarantee the settlement. Without it, there's really no hope."
james Carrell	Oroville, CA	2020-05-05	"Those of us who are survivors of these horrible fires have been through so much already and now PG&E is trying to burn us again!This process is terribly flawed and extremely biased.It must be changed!"

Cynthia Nunes	Paradise, CA	2020-05-05	"I am a Wildfire Victim, and the plan is flawed and has no guarantee that we will be made whole as promised. We have suffered enough, allowing this plan to be approved without guarantees is like pouring salt in to the wounds. Please make it right!"
Lynn Wood	Saint Paul, MN	2020-05-05	"PG&E has and is criminally operated to the detriment of the residents and citizens of California for the enrichment of the owners, financiers and executives of PG&E. The costs of the current bankruptcy are being born by the Wildfire Victims, while the owners and financiers profit. This criminal operation must be stopped before they incinerate more communities. The current bankruptcy is a leveraged buyout financed at the expense of the Wildfire Victims. It is a sham. The wealthiest state in the wealthiest nation of the world allows this?"
James Finn	Santa Rosa, CA	2020-05-05	"PG&E Fire victims deserve better than this flawed settlement plan that shifts all the risk of PG&E's horrendous safety performance back on to those already devastated by this company's reckless negligence. Furthermore, this bankruptcy restructuring provides little more than window dressing to address the fundamental problems with management and safety of PG&E."
Paul Fisher	Paradise, CA	2020-05-05	"This situation makes a mockery of the Fire victims as well as the Governor, PG&E are simply continuing their scofflaw ways and we, the ratepayers, victims and citizens of California will pay for it. The fire "settlement" is a slap in the face to the very people who's lives PG&E have destroyed."
Aaron Hammontree	Cape Girardeau, MO	2020-05-05	"PG & E needs to pay for their actions. No big exec bonuses, no profits, no restructuring, ow2r bankruptcy until all the victims have gotten their fair share."
deb Tastet	Magalia, CA	2020-05-05	"I'm a victim of a Camp Fire and what is being done to us is absolutely an abomination we are the victims not corporations"
teri wyne	oroville, CA	2020-05-05	"i dont believe in the first plan being offered as to benefiting me, it leaves the survivors at the bottom. and i havent received my ballot yet, whats that all about, its already May"
Patti Ulmen	Magalia, CA	2020-05-05	"This plan is not a good one. PG&E has been getting away with killing for too long. Time to stop them!"
Monique Gallegos	Anderson, CA	2020-05-05	"I am not satisfied with a open end plan, this plan has to many holes that can be filled in that can damage fire victims. No dates, no solid dead lines, all I am reading is if they, when they, RISK, RISK , RISK, maybe by, ECT... We should not have to accept a plan that is not a plan! Unless funds have been put in trust equaling 13.5 billion, dates of payment and amount of payment to each claim is put in place. The whole plan is speculation and not a plan but an idea that they want to pass on to us as a plan! This is unacceptable, we deserve to be treated with respect and dignity! We are the ones that have suffered not pg&e. So why are we last! Their negligence has made this problem, they need to be held accountable for what they have done! Please do not let this plan pass in the form of an idea! This needs to be completed before a vote can be submitted."

Mark Rehburg**	Oroville, CA	2020-05-05	"I agree there needs to be a concrete date of payment. We just want it over so we can move forward with our lives."
Mary Bill	Magalia, CA	2020-05-05	"Not only do we need to protect our future, but the lives of countless Californians that live in rural areas. It is only a matter of time before they start another fire."
Tanya Hoebel	Paradise, CA	2020-05-05	"This settlement proposal and the whole voting process is so unjust. We are the victims and want to be treated as such."
Pete Parkinson	Santa Rosa, CA	2020-05-05	"The proposed settlement is simply not fair to fire survivors like my family. Why should fire victims accept half their settlement in PGE stock when hedge funds and bond holders are paid fully in cash? AB1054 was never intended to be used in this manner, as a cudgel to force fire victims into an early vote on a settlement proposal that is anything but "settled.""
Kathleen Coon	Paradise, CA	2020-05-05	"All the devastated communities affected by PG&E caused wildfires need HELP and we need it Now. Please take a bit of time to update yourselves as to what's really going on. We need to bring accountability back. We do not want nor deserve to be burned twice."
Jessica Olson	Chico, CA	2020-05-05	"My family and I almost didn't make it out of the Campfire. We lost our home, our business, our beloved pets, and our lifestyle as homesteaders. Our children's lives will be forever changed. Our neighbors didn't survive. The trauma of this will live with us all FOREVER. This plan does NOT make us whole. It does not even come close."
Walter Gardner	Magalia, CA	2020-05-05	"I modeled the value of the stock 2 ways, both concluded it's worth \$3.5 billion, not \$6.75 billion. Also, that is the value after 3 years if all goes right, it's current value is \$1.25 billion. That's why they can't sell it to investors, it's phony. Read this article in the Atlantic about carpetbagger Watts: <a href="https://www.theatlantic.com/magazine/archive/2020/05/bp-oil-spill-shrim">https://www.theatlantic.com/magazine/archive/2020/05/bp-oil-spill-shrim</a>
Dennis Barry	Hercules, CA	2020-05-05	"This is an outrage! I am strongly opposed to this unfair settlement proposal. The victims didn't lose 40% of their home and possessions and they shouldn't have to settle on this basis. Cash on the barrelhead!"
Xena Gale	Sacramento, CA	2020-05-05	"I am signing because the settlement is not fair and no reasonable person would agree to this plan without full disclosure of how and when our claims will be evaluated and when we will be paid. I do not consent to a comically payment structure over time when hedge funds and subrogation claims are paid in cash and we receive 1/2 in cash and half in stock, with no guarantees to receive anything."
Jennifer Shaw	Chico, CA	2020-05-05	"The plan does not adequately compensate the fire victims. Many of us ran for our lives not knowing if survival was possible. PG&E did that to us. Ask yourself how would you handle this if it was your widowed mother suffocating in her overheating vehicle for hours."
Cecil Bennett	US	2020-05-05	"We don't want to get burned twice!!"

Steve Leman	Paradise, CA	2020-05-05	"Fire victims are getting the shaft. Fire victims should be getting all cash, not Wall Street who is in the risk business. We did not ask to be burned out of our homes."
Ellen Lenchner	San Rafael, CA	2020-05-05	"I am a Tubbs fire victim. 2-1/2 yrs have been trying to get \$\$ help on the rebuild of our home in Coffey Park. My first contractor Cherimonte took off with \$70,000.00 OF our Insurance money. We've been denied help by the City of Santa Rosa for a small loan, also every agency that claimed they received funds from all the fundraisers they had for fire victims In the Bay Area never gave out a dime to homeowners who were affected and lost everything. Now the cause of this mess PGE is trying to take every dime that we are entitled to. I'm angry and hurt that my city and county is not advocating for us. Shameful."
Elizabeth Anderson	Live Oak, CA	2020-05-05	"We deserve a more solid offer, with penalties on PG and E if they don't follow through when dispensing the fire victims money on time."
Catherine Braschi	Santa Rosa, CA	2020-05-05	"Individual victims of these fires should be made whole, not with stock but with cash that they desperately need to complete their homes and recoup their losses."

Chris Lepper	Paradise, CA	2020-05-05	"I read with great anguish the posts of others being urged, almost forced to vote yes by their attorneys, incessant phone calls harrassment, etc. All swearing to the fact that this is the best you can do. Is it really?In the first place, many of my friends, family and those I call family are living in conditions not suitable for a third world country. Their children will never recover from what they have been through. Broken family units, loss of their formative childhood and in many cases , no food and no shelter for almost 2 years now, while PG&E execs sit in their ivory tower and decide whats best. What happened to justice in this country? Have the corporations bought ALL the judges and we PEONS are just supposed to be happy with what ever falls off their plate?Who Decided PG&E should be charged with Involuntary Manslaughter? They knew the risks and chose profit over life! That is NOT involuntary! Is there an attorney that has the balls to file a Criminal complaint for gross negligence resulting in willfu"
Pamela Van Halsema	Santa Rosa, CA	2020-05-05	"Fire survivors deserve better."
Geoff Reed	Paradise, CA	2020-05-05	"This plan is an outrage. It not only rubs salt in the wounds of all PG&E victims, but also enables PG&E to go on killing and destroying future victims of PG&E's criminal acts. This present plan sends a very clear message to PG&E rate payers, survivors, tax payers and non survivors. PG&E is responsible for civilized evil and legalized torture."

Do you know what has happened to our children? They have had 2 bad school years because of PG&E and now the Covid-19 pandemic, I am tired of living this PG&E nightmare! Governor, you can stop this injustice by making PG&E pay us in cash, not Wall Street. Do the right thing say no to this deal!"
Liviu Bujor	Paradise, CA	2020-05-05	"Every Time I Think of PG&E and people voting yes on this plan I think back to the day of the fire looking into a gentleman's eyes as he burned alive right in front of me inside his house nothing I could do for the Searing heat was already affecting me in my skin and I remember the look on his face that moment of anguish and I think he'll know with this plan is a slap in the face and like pissing on the graves of that man and all those who died."

I've worked hard and paid my bills to have a home to retire in, only to have it taken away by a fire that could have been prevented. Dealing with all the legality, lies, continued out of pocket expenses, and corruption that has been placed on a community that lost so much LIFE and continues to struggle...is cruel. Still renting, still in tents and motorhomes, still not knowing what is in store in the rebuild. The death of family and friends still keeps me up at night. Just knowing what scandals are taking place by the unlawful and greedy participants angers me, and my State is showing no support for law abiding struggling civilians. Shame on all who turn their backs on its own people. We are California, we deserve better from our Courts, Utilities, and our Government leaders."
